

# Whyalla's

## Cuttlefish Spawning Grounds and Closure Area

March 1 to Sept 30

Unprotected  
Spawning Grounds

Fitzgerald Bay

Spencer Gulf

Cuttlefish  
Spawning Areas

Cuttlefish Closure Area

Suitable areas to snorkel and dive. Suggest low tide for snorkeling, if possible, to reduce water depth. Always snorkel together and be aware of local tide movement and current speed. In all cases observe but do not touch the cuttlefish and other marine species.
